TUITION TERMS & CONDITIONS OF SAINT PIUS X SCHOOL

It is expected that if the School accepts a child for the coming year and the parents agree to send the child, then the parents should be willing to pay the full tuition for that year. If a parent freely withdraws a child, the School feels that the parents have assumed an obligation to have them complete payment of that year's tuition, if that seat will be left vacant.

If a child is absent for an extended period of time, the School would presume that the parents likewise would have an obligation to continue to make tuition payments.

The School, after consultation, retains the right to decide at any time if a child should be removed permanently or temporarily from the School. The administration may deem such action necessary or advisable either in the interest of the pupil or for the good of the School.

The parent/guardian understands and agrees that the information on this application and any other information received in connection with this application shall be held in confidence. In the admission decision making, the Principal may disclose any or all of the admission information and any other information received in connection with this application to those directly involved in the admission decision making.

Saint Pius X School reserves the right to accept only those students who the Admission Committee feels will benefit from the education offered at Saint Pius X School.

I hereby accept the terms and conditions set forth above.
