

## **NOTES FROM THE OFFICE**

---

**April 28, 2021**

April is winding down, and our time left in school is getting shorter and shorter! Fortunately, the weather is improving, and better weather means we can return-some days- to lunch outside, or classes outside. I saw the Gr. 1 class testing out their pinwheels yesterday afternoon, with great success!

At dismissal time, if you arrive early and see the cones blocking the drive between the school and field, that means students may still be outside. Park in the parking lot behind the Life Center so the driveway to Wood Rd. does not fill up with cars. The buses have difficulty passing when cars are lined up there. As soon as the cones are removed and you have access to the side lot by the playground/field or to the back, you can begin lining up by those doors. Please be polite, allow the cars in the lot to line up, and do not cut in line!

### COVID Updates

Our mask policies are not currently changing. Students will continue to need them for in class, and when playing together at recess.

Thank you for your assistance with keeping our students safe following April vacation. Mrs. Shaw really extended herself, tracking those who were leaving the state and following up on everyone's testing results. Your cooperation with her in this undertaking ensures the continued health of all those in the building.

We are still awaiting review of several offsite field trips and onsite events, but are looking forward optimistically to some fun events at the end of our school year!

### MAP TESTING

MAP Testing will be held between Monday, May 10<sup>th</sup> and Friday, May 21<sup>st</sup>.

### USDA Farmers to Families Food Box Program

In response to the massive food insecurity problem posed by the COVID-19 pandemic, the Massachusetts Military Support Foundation (MMSF) is committed to support both veteran communities and the **general public**. MMSF was selected as a distribution partner for the USDA's Farmer's to Families program, which serves all families who are facing food insecurity challenges. The Farmer's to Families Food Boxes contain 32 pounds of perishable and nonperishable food items including fresh fruits and vegetables, dairy products and meat products.

The distribution process follows all COVID-19 health guidelines. Participants have limited interaction as they pick up their food boxes, which are easy to access. To date, they have provided more than 3.5 million meals to Veterans and Military families.
