CIRCLE OF GRACE  
*Safe Environment Program*  
*Grade K through Grade 8*  
*"Respecting All God's People"*

Dear Parents,

Out of concern for all God's people and in response to the United States Conference of Catholic Bishops' *Charter for the Protection of Children and Young People*, we have a program for the safe environment education of children and young people supported and mandated by the Diocese of Fall River.

*Diocese/eparchies will establish 'safe environment' programs. They will cooperate with parents, civil authorities, educators, and community organizations to provide education and training for children, youth, parents, ministers, educators, and others about ways to make and maintain a safe environment for children. Dioceses/eparchies will make clear to clergy and members of the community the standards of conduct for clergy and other persons in positions of trust with regard to sexual abuse.*

*Article 12 – Charter for the Protection of Children and Young People*

This program is called ***Circle of Grace***. It is meant to supplement and be integrated into the excellent programs and curricula for the formation of children and young people in our schools and religious education programs. ***Circle of Grace*** aims to equip our children and young people by arming them with essential knowledge and skills grounded in the richness of our faith. This program helps children and young people to understand their own (and other's) dignity in mind, body, and spirit.

## ***What is a Circle of Grace?***

The Catholic Church teaches that God has created each of us as unique and special. Genesis 1:27 tells us that we are created "male and female in God's image" and that God saw this as "very good." In that goodness, we are meant to respect ourselves and everyone else as persons created and loved by God.

Adults assist children and young people to recognize God's love by helping them to understand that each of us lives and moves in a *Circle of Grace*. You can imagine your own *Circle of Grace* by putting your arms above your head then circle down in front of your body including side to side. This circle, front to back, holds who you are in your body and through your senses. It holds your very essence in mind, heart, soul, and sexuality.

*Why is it important to help our children understand the Circle of Grace?*

God intends our relationships in life to be experiences of divine love. Respectful, nurturing, loving relationships increase our understanding of our own value and help us to love others. It is never too early to help children and young people understand how very special they are and how relationships in life are called to be sacred. Understanding this can help them to protect the special person they are and to be respectful of others.

Adults, especially parents, as they strive to provide a safe and protective environment, hold the responsibility to help children and young people understand and respect their own dignity and that of others. A truly safe and protective environment is one where children and young people recognize when they are safe or unsafe and know how to bring their concerns, fears, and uncertainties to the trusted adults in their lives.

*How is the Circle of Grace Program different from other protection programs?*

According to research, one in four girls and one in seven boys will be sexually abused by age eighteen.<sup>1</sup> Many protection programs focus on "stranger danger"; however, up to ninety percent (90%) of the time the perpetrator of abuse is known to the child or young person such as a relative or family friend. *Circle of Grace* goes beyond just protection by helping children and young people understand the sacredness of who they are and how to seek help through their relationships with trusted adults.

Please feel free to contact the school if you have questions or want more information.

# *Common Questions of Parents*

## **How is this connected to the “Safe Environment” program?**

*Circle of Grace* is the safe environment program for children/youth. The goal is to help children/youth understand the sacredness of who they are and how to seek help when needed through their relationships with trusted adults.

## **What information can this program give my child that they are not getting already?**

The *Circle of Grace* Program reinforces in a peer setting that their faith community cares about their safety and wants them to understand how to seek help if they feel unsafe for any reason. It will help them identify potentially unsafe situations and know how to handle them by seeking help from trusted adults.

**You indicate that this program will provide them with “life skills”, what do you mean by this?** It reinforces that they are valued by God and others. It gives them information on boundaries and practical directives of what to do if someone makes them feel uncomfortable when in their *Circle of Grace*. It is a good foundation for healthy relationships that will help them throughout their lives.

## **Will this program be age appropriate?**

Yes! The lessons were written with great attention to the stages of child development.

## **How can parents support what is being taught in the program?**

Parents will receive parent letters as well as take home activities for several of the lessons to do with their children. Talking with your children about the *Circle of Grace* at home will help your children to understand the importance of the lessons and that the lessons apply everywhere, not just at school. Additionally, you are your child’s most important teacher in the area of relationships. Much of what your child will learn and later imitate about relationships comes from what they learn by your example. Creating an atmosphere where they know that they can talk to you about anything provides a valuable safety net for your child because they know they have you to turn to whenever they have a concern.

## **Is there accountability attached to this program implementation?**

Yes! There will be an ongoing evaluation of the program to ensure its effectiveness and to incorporate any suggestions that would improve the quality of the program.

## **Will there be resources (material) available if I have questions?**

Yes! Just let the classroom teacher or principal know.

## **Shouldn’t parents be the ones teaching their children about sexuality?**

Absolutely! This is NOT a sex education program. *Circle of Grace* will provide children with a sound understanding of their own value and of God’s care and presence in their lives. It will also help them notice the signals that tell them when they do not feel safe and how to talk to a trusted adult. All of this will be a good foundation for healthy relationships. However, this is not a sexuality education program. Many parents will appreciate that this program will provide a spiritual framework that will allow parent-child

communication about the value of all that they are, including their sexuality. Those conversations are most effective between parent and child. There are grade specific Parents First newsletters to assist you in these conversations.

**Is this a mandatory program for my child?**

The United States Catholic Conference of Bishops (USCCB) developed the Charter for Protection of Children and Young People. Article 12 of this document states that each Diocese will have a safe environment program for adults and children/youth.

If you have questions or concerns about your child participating in the *Circle of Grace* Program, please contact your school principal.

# ANNUAL POSTURAL SCREENING

As required by State Law, the annual **Postural Screening** will be performed on **Wednesday, March 30th** during PE. The purpose of this is to screen for early signs of possible spinal problems in students in **Grades 5 through 8**. This screening is not a diagnostic service but rather a program to identify those who may need further evaluation. Students with a physician's spinal evaluation noted on their physical dated within the last 12 months will be exempt.

If your child has any unusual findings, you will be notified by letter and asked to have your child evaluated by his/her physician as a precaution. The majority of students will exhibit no findings.

Female students are asked to wear a camisole, halter top, or sports bra under their gym clothes to school on the day of the screening. This type of clothing permits a more accurate observation of the back. Boys will be asked to remove their shirts. Boys and girls will be screened separately.

If you have any further questions regarding this program, please feel free to contact Nurse Annie 508-398-6112 or [aagurkis@spxschool.org](mailto:aagurkis@spxschool.org)
